## DEMANDS WAY BE FOUND TO BAR SENATOR

Alabamian Assailed  
as Unfit for the  
Supreme Court

**BULLETIN**  
Waveross, Ga., Sept. 13.—P.—Imperial Wizard Hiram Wesley Evans said today Associate Justice Hugo Black "is not a member of the Ku Klux Klan."

Evans' statement was in comment on that of Senator David I. Walsh (D-Mass.) in Boston that President Roosevelt should demand Black's resignation as a supreme court justice if it could be proved the Alabamian is a member of the Klan.

Walsh's comment followed publication of a copyrighted story distributed by the North American Newspaper Alliance asserting that Justice Black was "and is now again" a member of the Klan.

Boston, Sept. 13.—P.—The Boston Transcript today quoted Senator David I. Walsh (D-Mass.) as saying President Roosevelt should demand the resignation of Hugo Black as a supreme court justice if it could be proved the Alabamian was a member of the Ku Klux Klan.

The Transcript said Senator Walsh interviewed at his Clinton home declared:

## Can't Put All The Candles on Grandma's Birthday Cake

Descendants of Mrs. Susan Van Meter to the fifth generation, who gathered at her summer home Sunday in Arona Park to celebrate her 95th birthday, couldn't get 97 candles on her cake so they formed the "candle line" with candles moved.

"Grandma Sue" as she is known to all her friends, actually doesn't become 97 years of age until tomorrow, but the party was held Sunday when more of her relatives could come.

She is the mother of City Electrician, Morey Van Meter of 375 West Jefferson street and Mrs. Kathryn Russell of Arona Park. She also has two sons in Chicago, Remy and Gregory. The latter observed his birthday on Thursday.

Fourteen members of the family gathered the day together and all agreed that "Grandma Sue" was just as spry as she was a year ago. Her health is good and she takes an active interest in the affairs of the day.

The five generations were represented through her daughter Mrs. Russell, granddaughter Mrs. Hazel Russell, great granddaughter Mrs. Friedlander, and great great granddaughter Joan and Robert. Besides the above-named relatives, Mrs. Howard Luthstrom, Mr. and Mrs. W. C. Russell, Dr. Lane, Elsie Friedlander and Mrs. Tummell also attended.

As Susan Cameron, the nonagenarian was born Sept. 14, 1840 in

## DEPUTY WINS IN FIGHT FOR LIFE WITH 2 DRUNKS

Witt Brothers of  
Beecher Attack  
Officer  
ONE USES KNIFE

Because Frederick Witt, 61, farmer of near Beecher, resisted arrest in an alcoholic frenzy last Saturday night, he may see the light of his right eye.

His brother, Carl, 55, also of Beecher, has his head so broken and swollen that today it "ached" and over his face. Both are patients of Sheriff John Stack in the county jail and bear other marks of a terrible fight.

Charles Kile, 195-pound deputy sheriff of Grant Park, was severely attacked by the two men, each of whom weighs close to the 200-pound mark, when he sought to arrest them on the Dixie highway in the northeast of Grant Park on charges of driving while intoxicated.

**Knocks One Out**  
They pushed him together, Frederick producing a wicked-looking knife. Carl was disposed of in short order by the deputy, being knocked groggy, then was sat upon by Lester Maass, 25, of Grant Park, Kile's companion, while the deputy proceeded to subdue the knife wielder.

Fighting for his life, Kile broke his black-jack over his antagonist's head, then was forced to use the butt of his revolver. He is uninjured except for a broken finger, but his shirt was slit by the knife.

According to Kile's story, the two men drove through Grant Park on the Dixie highway, the driver being so intoxicated that his car swerved from side to side. Receiving several complaints by telephone, Kile pursued them to the curve east of the village.

**Bus Leaves Road**  
Just before he caught the car, it made a violent lurch across the highway as a southbound Southern Limited bus came along. To avoid being struck, Kile says the bus driver had to take the highway approach from side to side. Receiving several complaints by telephone, Kile pursued them to the curve east of the village.

Herman Hunderer, former Kankakee man now residing in Chicago, was dismissed from the jury because of his residence. Joseph Donar of Kankakee and Clifford Weakley of Bourbonnais were excused because they served on the grand jury which was in session last week, and John Heimbarger of Pilot township was excused because of the illness of his wife and parents.

The remaining jurors are Paul Dubois, LaCost, Harry Alexander, Carl Kirkman, Allen Cooper, Ernest J. Doyle, E. D. Worrell, Jerry Denoyer, James Cluck, George LeBeau, William Stevens, Veigh McIntyre, Alex Goetzler, Edward Hess, Joe Ruel, Fred Deno, Charles Heidenrich, all of Kankakee; James Pangle, Rudolph Abrassart of Bourbonnais; Fred Guimond and Amos Chamberlain of Manteno; Charles Seybert of Momence; Frank Cled of Norton; Richard DeYoung of St. Anne; Henry Weber and Orville Evans of Sumner.

## 2 Local Negroes Sent to Vandalia

Three colored men, Howard Jones, 23, of 369 North Hobble avenue, Sol Johnson, 23, of 1161 East Locust street, and John Gathney, 20, of 618 North Hobble avenue, entered pleas of guilty to robbery when arraigned this morning before County Judge John H. Becker. Jones and Gathney were sentenced to serve six months each on the state penal farm at Vandalia. Johnson asked probation and his case was referred to Parole Officer John H. Willis.

The three men, who were indicted for robbery by the grand jury last week, were arrested by city police on complaints by William Courtney and Robert Williams of Brookfield and Charles Goveite who claimed they were robbed of valuables in the colored district the night of Aug. 21.

## Endangers Lives of Highway Crew

Waukegan, Sept. 13.—(RN Special)—On complaint of Oliver Diks, state highway employee, Harry Leach of Loda was arrested by Sheriff Phil Brown and charged with driving an automobile in a reckless manner on highway 25 where state men were working.

## Stock Market Up and Down; Was Erratic

New York, Sept. 13.—P.—The stock market took an erratic course of up and down today but finished on a rallying note after another steep plunge had carried many issues to new lows for the year.

While most active shares ended \$1 to about \$3 in support, a last-hour rebound cut down the losses appreciably. Heavy selling was resumed in the afternoon in spite of the Washington move to release \$200,000,000 of "sterilized" gold, generally accepted in financial circles as aimed to boost business courage by assuring maintenance of low borrowing rates for money.

Chicago, Sept. 13.—P.—The price of cattle reached a top of \$18.85 per hundredweight here today. It was the highest point at which cattle have been in September in 19 years.

This price also was the highest for any month in nine years.

## START TRIAL OF MOMENCE MAN FOR SHOOTING

James Marr Pleads  
Not Guilty to  
Indictment

A petit jury reported this morning to Circuit Judge W. R. Hunter and immediately preparations began for the trial of James Marr, 46, watch repairman of Momence, who is under indictment on charges of assault with intent to commit murder.

Herman Hunderer, former Kankakee man now residing in Chicago, was dismissed from the jury because of his residence. Joseph Donar of Kankakee and Clifford Weakley of Bourbonnais were excused because they served on the grand jury which was in session last week, and John Heimbarger of Pilot township was excused because of the illness of his wife and parents.

The remaining jurors are Paul Dubois, LaCost, Harry Alexander, Carl Kirkman, Allen Cooper, Ernest J. Doyle, E. D. Worrell, Jerry Denoyer, James Cluck, George LeBeau, William Stevens, Veigh McIntyre, Alex Goetzler, Edward Hess, Joe Ruel, Fred Deno, Charles Heidenrich, all of Kankakee; James Pangle, Rudolph Abrassart of Bourbonnais; Fred Guimond and Amos Chamberlain of Manteno; Charles Seybert of Momence; Frank Cled of Norton; Richard DeYoung of St. Anne; Henry Weber and Orville Evans of Sumner.

**Pleads Not Guilty**  
Marr, who is represented by Attorney Vernon G. Butz and Anker C. Jensen, entered a plea of not guilty when arraigned before Judge Hunter on Friday.

There are three indictments against him: the first of assault with intent to kill William Whitte of Momence, the second of assault with intent to kill John Bukowski of Momence, and the third of assault with intent to kill both Whitte and Bukowski.

On the night of last May 13 Whitte was shot through the abdomen with a .22 caliber bullet from a rifle in Marr's hands. Marr claims the gun was discharged accidentally.

## Tour Taverns Together, Has Pal Arrested

Richard "Dick" Linton, 27, of 169 South Washington avenue was arrested yesterday by Sheriff John Stack and Deputy Walter Bauer on a charge of robbery.

Linton, who is represented by John C. D. Henry and who is at liberty under bond, denies the charge.

An investigation which led to his arrest was made by the sheriff and his deputy after Edward "Smokey" Atkins' address not given, complained he had been robbed of \$12 by a man whose name he did not know, whom he met in a Bradley tavern and with whom he went for a ride late Saturday night.

According to Atkins' story to the sheriff during the course of the evening they visited a tavern in the colored district where, he claimed, he was struck in the face with a bottle by a colored man.

After the sheriff's investigation yesterday, in which he followed the movements of the two men, a warrant for Linton was sworn out by Atkins.

## Crashes in Arctic While Hunting for Six Soviet Flyers

Barrow, Alaska, Sept. 13.—P.—Meager reports to this outpost today said Basil Zadkoff, Russian pilot, crashed his flying boat somewhere in the Arctic ocean north of here while seeking the six lost Russian transpolar fliers.

Zadkoff himself, however, was reported safe.

Two other planes, an amphibian and a flying boat from the Russian icebreaker Krassin, were said to be stormbound somewhere at sea.

Zadkoff, who based at the Soviet vessel has been methodically combing the area in which the party of fliers, led by Sigismund Levanevsky, may have been forced down August 13. The rescue flier took off from the icebreaker yesterday and did not return.

The Krassin was enroute south, apparently giving up the search for the lost fliers who dropped from sight after reporting they had crossed the north pole enroute from Moscow to California.

Chicago, Sept. 13.—(UP)—Coast guardsmen returning from the spot where Carl Orga, amateur yachtsman, drowned yesterday discovered the body of Gus Nyland, 52, also an amateur yachtsman.

Orga was washed from the sloop Aquilla during the Chicago Yacht club's 2-class race. His body was not recovered.

Nyland, veteran of Great Lakes yacht races, disappeared Sept. 7. His body was found beside a mooring buoy. His yacht, Springtime, was nearby.

## Restaurant Gets Dinners too Hot

Patrons of the Boston Lunch restaurant, 303 East Court street, had late dinners Sunday evening as a result of a fire which broke out in the kitchen at 4:40 p. m.

An overheated stovepipe near the ceiling set unprotected joists on fire and burned a sizable hole above the stove. Firemen extinguished the blaze in a few minutes with their booster hose. The food on the stove was ruined but not much damage was reported to the fixtures and other equipment in the kitchen.

## Sees No Need for a Special Session

Springfield, Ill., Sept. 13.—P.—Speaker Louie E. Lewis said today that he didn't see any necessity for a special session of the legislature before January.

Lewis expressed the opinion that should one be called at that time, the subjects of a state board of education and a constitutional convention probably would head the list.

He asserted the same opposition which prevented passage of a driver's license law under the highway department at the recent regular session still existed and that he believed it would be of no avail to bring up the question at a special session.

Lewis, saying he was to confer with Governor Horner sometime today, said he expected to have the appointments of house members to committees and commissions authorized by the legislature ready to announce by the end of the week.

## Naperville Youth Drowns in Kankakee

Chicago, Sept. 13.—P.—Six automobile deaths and two drownings were recorded in Illinois during the week-end, an Associated Press survey showed today. All but two of the deaths were in Chicago.

Otis Jaynes, 20, of Chicago, was killed at Frankfort when his motorcycle collided head-on with an automobile.

Begard Vocht, 25, of Naperville, drowned in the Kankakee river south of Joliet when his motorboat overturned within sight of his fiancée, Miss Bernadine Kline, 20, of Aurora. The other drowning victim, Carmine Orgo, Jr., 23, of Chicago, was swept into Lake Michigan by a wave during a yacht race.

## CHINESE ARMY HEEDS DEMAND AND RETREATS

Strategic Move to  
New Defense  
Positions

**BULLETIN**  
Kalgan, China, Sept. 13.—(P)—The Japanese news agency, Domei, reported today a North China expeditionary force of Japanese troops had taken Tatung, the second largest town in Shansi province and an important railroad position in the Japanese push into the northwest.

Another column occupied Kwangling, Shansi province. This is southeast of Tatung.

Communist troops, organized as a Chinese eighth route army under General Chu Teh, were reported massed between Tatung and Taiyuan.

**BY JAMES A. MILLS**  
Shanghai, Sept. 13.—Under heavy fire from Japanese land and sea batteries, the Chinese army abandoned the hotly-fought Kiangwan salient north of Shanghai today and withdrew all forces to the powerfully fortified second line defense network of trenches stretching from Shanghai 25 miles to the northwest.

The Chinese retreat was orderly and strategic to prepared positions which they had expected to fall back on as soon as the full force of Japan's mechanized advance surged against them.

## Method Developed To Take Pictures of Human Organs

Chicago, Sept. 13.—(UP)—Dr. Russell Reynolds of London told the fifth international congress of radiology today that a method has been developed for taking motion pictures of live, active organs which "opens a large and varied field of research, the limits of which it is impossible to foresee."

Three thousand delegates from 30 nations attended the congress. It was the first meeting in the United States.

The new method—known as cineradiography—should add greatly to the physician's knowledge of the functioning of the heart and especially to that of the various irregularities which occur in heart disease, Dr. Reynolds said.

Chief value of the development is that the pictures can be taken "without exposing the patient to harmful doses of X-rays," he said.

Dr. Reynolds said physicians may watch an organ indefinitely through motion pictures while the ordinary screen examination can last "only a very short time owing to the destructiveness of X-rays in large doses."

Other advantages, he said, were: 1. It enables a radiologist to obtain a rapid, inexpensive, and permanent record of the functioning of active organs.

2. These permanent records of movements may be used for diagnostic purposes, and a recent record

## LOYALISTS OF SPAIN REMAIN RULING POWER

Ethiopia Still Recognized as Being  
League Member

## PIRACY ISSUE

**BULLETIN**  
Geneva, Sept. 13.—(UP)—Italian sources said tonight that Premier Benito Mussolini had accepted the Nyon agreement on international patrol of the Mediterranean against submarines, "with certain reservations."

**By STEWART BROWN**  
United Press Staff Correspondent  
Geneva, Sept. 13.—(UP)—The League of Nations struck a blow at Fascist Italy's ambitions today by continuing to recognize the Loyalists as the legal government of Spain and by refusing to bar Ethiopia from membership.

The assembly, holding its scheduled meeting, also was confronted by a Spanish loyalist effort to force the Mediterranean piracy issue before it, and with an appeal by China under the league covenant against Japan's invasion.

In the matter of recognition of the loyalists, the credentials committee received a protest from Gen. Francisco Franco, insurgent leader, but ruled that the letter was a political matter over which the committee lacked jurisdiction.

**Ignore Ethiopian Issue**  
The committee passed over the Ethiopian issue by ignoring it, merely reporting Ethiopia as "absent"—but thus still technically a member.

The Chinese protest invoked articles 10, 11 and 17 of the covenant, leaving the league no choice but to consider the appeal.

It seemed unlikely that the Mediterranean issue could be sidestepped, either. Premier Juan Negrin of loyalist Spain served notice that he would demand protection of loyalist merchant shipping by the international patrol which is being constituted to protect foreign vessels.

The assembly, after a recess, reconvened late today and elected the aga kahn, spiritual head of India's muslims, president. Of 50 votes cast, the aga kahn received 49. The other was blank.

Because the Mediterranean agreement excluded loyalist ships, however, Premier Juan Negrin, leader of the strong loyalist delegation, visited French Foreign Minister Yvon Delbos and other big power leaders.

"I shall demand tomorrow that the council itself take measures to prevent further attacks on our merchant shipping," he told them.

**Claim Treaty Violation**  
Negrin, it was learned, intends to base his demand on the assertion that "pirates of non-Spanish nationality" are sinking loyalist ships in violation of treaties cited in the previous loyalist appeal.

## BATTLE IS HOT AS THE SEASON NEARS THE END

By LESLIE AVERY  
United Press Staff Correspondent  
New York, Sept. 13.—(UP)—The major league season has been a long one, but it is not over yet. The New York Giants and Chicago Cubs are still in the thick of it, and the battle is hot as the season nears the end.

The result of the National league game between the New York Giants and Chicago Cubs, which was played at the Polo Grounds last night, was a close one. The Giants won by a score of 3 to 2.

The Giants' pitcher, Carl Hubbell, was in excellent form, and pitched a complete game. He allowed only two runs, one earned, and struck out seven batters.

The Cubs' pitcher, Lefty Gomez, was also in good form, but he was outplayed by Hubbell. He allowed three runs, two earned, and struck out six batters.

The game was a close one, with the Giants leading 2 to 1 in the ninth inning. However, the Cubs scored two runs in the bottom of the ninth to win the game.

The Giants' manager, Charles Schulz, was disappointed in the result. He felt that his team should have won the game, but he praised his pitcher, Hubbell, for his excellent performance.

The Cubs' manager, Charlie Grimm, was pleased with the result. He felt that his team played well, and he praised his pitcher, Gomez, for his good performance.

## Spanish Rebels in Six-Mile Advance in Peon Province

Hendaye, Franco-Spanish Frontier, Sept. 13—(AP)—Spanish insurgents today broke through hard-fighting government lines in Leon province and advanced six miles toward the government's Biscayan defense positions.

Insurgents said their airplanes smashed resistance south of the Europa mountains in a renewal of large-scale fighting. The attacking column is seeking to join insurgent coastal forces in an assault on Ribadesella, eastern gateway to the ultimate insurgent objectives in Asturias.

Earlier, guerrilla warfare had stalled the insurgent march toward Gijon, last government stronghold in north Spain.

Border dispatches reported that bands of Asturian defenders adopted new strategy to halt the Navarrese moving through the northern mountains toward the Sella river to mop up the last government resistance on the Bay of Biscay.

The Asturians retreated precipitately from their mountain positions and then launched vigorous counterattacks, attempting to surprise the insurgent advance guards.

Small bands of Asturians swooped down on the main columns, ambushing outposts and sniping at the main lines. Reports from both contending forces reported little change in the battle lines, however, with the insurgents still about 50 miles from Gijon.

The insurgents' coastal column was said to be waiting the advance of the interior forces from the Europa mountains to the Sella before continuing their attack against Ribadesella.

## No Opposition to Securities Here

Washington, Sept. 13—(RN Special)—Kankakee was one of several Illinois cities who offered no opposition before the securities exchange commission to the acquisition by the Commonwealth Edison company and its subsidiary company of all the outstanding stock of the Public Service company of Northern Illinois. This was revealed today when the commission made known its approval of the request for permission to acquire the stock—some 850,000 shares.

The commission, in announcing its decision to allow the transfer, stated that Kankakee, Chicago, Waukegan and certain other Illinois municipalities had been offered an opportunity to be a party to the proceedings, but had not sought to do so. The only intervening parties were two stockholders of Edison.

In acquiring the outstanding stock of the Public Service company, Edison will take over 669,907 shares of common stock, 100,000 shares of 6 per cent preferred stock, and 63,576 shares of 7 1/2 per cent preferred stock. The stock is to be acquired by exchanges.

## Elderly Men and Women Return to School at Elgin

Elgin, Ill., Sept. 13—(AP)—A group of elderly men and women, all of whom were 70 or over, bridged a life span more than half a century today.

They started back to school—a college founded by a 78-year-old doctor to "make the last years of life happier."

Charles E. Sharp, the founder of the classes would meet this afternoon in the rambling frame building provided for the project.

Students with ages ranging to 85, women students will outnumber the men, Dr. Sharp predicted. He said they "seem to be more interested in learning new things."

Literature, current events, history and geography will be discussed in the classes which the aged enrollants may select themselves. Several retired teachers have volunteered to serve as a faculty.

Classes will meet daily as long as interest is shown, Dr. Sharp said. He said his only object in founding the school was to give people a new interest in life and keep their minds off their ailments.

## Parole Scandal in Florida Developing

Indianapolis, Ind., Sept. 13—(UP)—U. S. district attorney said today that indictments returned here by a federal grand jury against three men—two paroled from the sentences in Florida—may lead to a parole scandal in Florida that will involve some "astounding" information.

Those indicted were Joseph F. Yates, Robert Edwards and William Harper. They were charged with transporting stolen goods obtained in a \$25,000 jewel robbery at Tampa, Fla., in 1935, across state lines.

According to the indictments, the trio kidnapped the manager of a loan society, took the key to the loan office from him and committed the robbery.

Yates and Edwards were returned to Tampa and prosecuted. They were sentenced to life imprisonment for kidnapping and robbery and 15 months later secretly were paroled. The paroles were discovered some time later by a newspaperman.

Harper later was arrested in Shreveport, La., and sentenced to 10 years in prison. Yates and Edwards were arrested at Springfield, Ill., and now are free on bonds of \$4,000 each. They will be arraigned here Sept. 24.

The United States government became concerned in this prosecution only because of the unwarranted paroles of two of the defendants 15 months after receiving life sentences, Nolan said.

He promised to present some "astounding" information in the case during prosecution.
